### The Liquor Ballot Endorsed

Estevan, April 23.—Within the next few months the electors of Alberta will be given the option to decide definitely what form of liquor legislation they want in the province for the space of at least three years following.

The fact of the provincial legislature adjourned Saturday was finally decided by the government of Alberta who were summoned to the referendum, this being substantially the same as was recommended to the assembly by a select committee appointed for the purpose some days previously, although the house fought bitterly over the whole proposition Saturday morning and afternoon, following the battle which had ended by a general exhaustion at 2 a.m. Saturday.

### BALLOT APPROVED

Below is the ballot finally agreed upon by the provincial legislature Saturday to be submitted to the electors of Alberta this year to determine what form of liquor legislation is desired. Electors will be entitled to vote for or against the proposal in either of the following ways:

#### (a) Prohibition

Meaning thereby a continuation and development of the present legislation, that is, meaning the abolition of all forms of liquor except sacramental, manufacturing and scientific purposes.

#### (b) Licensed Sale of Beer

Meaning that the sale of Beer in Licensed Hotels and other premises as provided in the proposed Temperance Act.

#### (c) Government Sale of Beer

Meaning the sale of Beer by the Provincial Government. Government Beer to be consumed on License, Restaurants, Cafes, etc., and Spirits to be purchased in any quantities and permit issued by the Government, under Government License and Regulation.

#### (d) Government Sale of All Liquors

Meaning the sale of all Liquors by the Provincial Government. Liquor to be consumed on License, Restaurants, Cafes, etc., and Spirits to be purchased in any quantities and permit issued by the Government, under Government License and Regulation.

### Sudden Death

ED. FINK DIES IN LACOMBE HOSPITAL

The town was surprised Saturday morning to learn of the death of Edward Fink, which took place that morning in the Lacombe hospital, where he had gone to treat his rheumatism.

He was not having a companion of his throat for some time, but nothing serious was thought of it at first, as it was believed that it was a common cold. He was operated on for an abscess in the throat which was causing him much trouble, but no serious relief, but took a cold and a change and expired in less than half an hour.

Mr. Fink was born in Appleton, Wis., in 1883, and came to Ponoka district in 1914, and engaged in farming. Later he purchased a farm near Lacombe, and in 1919, J. Peterman, and for a time took over the management of the Royal Hotel. He was a man of fine physique, and was a surprise to all who knew him. He leaves to mourn his death his parents, two brothers, Mr. and Mrs. Frank Fink, and living here with her parents, and three relatives in the States.

The funeral service will be held at the Roman Catholic church on Monday, the remains being laid in Forest Home Cemetery. Much sympathy goes out to the family in their sudden bereavement.

### MERINAL TAXATION ACT

At the recent session of the Alberta Legislature, the following Act was passed, cited as "The Mineral Taxation Act," which is as follows:

"Mineral Owner" shall mean a person with the right to search for, work, win or otherwise, mineral, whether in surface or in veins, or lenses, or otherwise, or otherwise from the Dominion of Canada or the Province, and also every person who has an interest in minerals, or an ownership or an interest in minerals, or an interest in or part of his ownership of land.

Every mineral owner, or taxable person in respect of any parcel of land, in or on, or beneath, the surface of which there may be veins or lenses of mineral, shall pay in every year to the Minister of Municipal Affairs a tax of three cents per acre of the surface of such parcel of land.

Montreal, April 21.—Sentence by the British authorities in midmonth of a drug smuggler transporting \$300,000 worth of narcotics from Germany to Canada for distribution has been set aside by the police yesterday.

The sentence was made by S. O. McLean, a magistrate in the continental agents. Efforts to release him were continuing.

Montreal, April 21.—A third of the 100,000 dollars seized for the United States in the drug case has been returned to the

United States by the Canadian authorities. The amount was \$30,000.

Montreal, April 21.—A third of the 100,000 dollars seized for the United States in the drug case has been returned to the

### Alleged Murder

Mrs. Warren, Late of Uxua,  
Dies From Injuries

Winton Warren, who has been held in custody since January since February 21 on a charge of murder, will still face the charge if a verdict is returned for the trial of his wife, Mrs. Linda Warren, who failed to appear with a banner bearing the slogan "We want justice."

The charge of assault automatic, which was added to murder when Mrs. Warren was held in custody, was dropped at the Royal Alexandra hospital since February 21, died this afternoon as a result of the injuries.

According to the statements made at the time Warren was taken into custody, he had been separated from his wife to get her to change her mind and to regain her former good temper.

Failing to bring about the desired relationship the accused, in a burst of temper, to have picked up a chair and struck his wife over the head, breaking the skull in several places.

It was expected that the injured woman would remain in hospital until the preliminary hearing of the case was adjourned from time to time, explaining that the woman was too weak to stand.

Mr. and Mrs. Warren resided in the Uxua district for some time, having been released under the Solitary Settlement Board.

### PONOKA IN AUTO SMASH

At 10:10 a.m. Saturday Miss Victoria, B.C., a guest at the Macdonald Inn, was operating into town on 30th Street, Jasper Avenue, and at 10th Street turned north for the purpose of driving to Jasper when a car, believed to be driven by a man, was seen to run into Miss Victoria's car, which was stopped on 10th Street. The man, identified as John Ernest Berube, aged 28 years, was driving a 1922 Ford Model T, which was operating at a speed estimated to be between 40 and 50 miles per hour. Berube was arrested on a charge of being intoxicated while in charge of an auto, — Edmonton Journal.

### BOY SCOUTS

A party of 10 Scouts and Wolf Cubs travelled to Edmonton on Saturday, April 21, to take part in the annual high camp of the Wales Armies, the occasion being the visit to Edmonton of the Chief Scout, Sir Robert Baden-Powell.

A very enjoyable day was spent in the city, and the boys broke the return journey at Wetaskiwin, where they went to the fairground, buying tickets and blankets with them, and were allowed to "camp" in the flat-roofed, brick hall, kindly placed at their disposal by the pastor, Rev. W. H. Lewis.

### Tennis

A meeting was held in the Bank of Commerce chambers on Monday evening, April 10, for the purpose of reorganizing the Tennis Club. This was a fairly large attendance, and the officers for the year were chosen as follows—Hon. H. E. Smith, Rev. Francis, president; Mr. and Mrs. John McLean, vice-president; Miss E. Peterson.

Arrangements are being made to have the new courts ready as soon as possible, and play will commence on an early date. Persons intending to join the club should hand their names to the secretary without delay.

Bluemel, W. Va., April 29.—More than a thousand persons were gathered at the town to witness the grand opening of a new bridge across the Cheat River, which connects the town of Bluefield with the town of Marlinton.

The bridge, which cost \$100,000, was built by the Pittsburgh Construction Company. The bridge spans the Cheat River, which flows through the town of Marlinton.

Bluemel, W. Va., April 29.—More than a thousand persons were gathered at the town to witness the grand opening of a new bridge across the Cheat River, which connects the town of Bluefield with the town of Marlinton.

All Stores will be closed every Thursday Afternoon commencing on Thursday, May 3, and will continue up to September 13.

Get the habit. Clean up!

Mrs Jerry Donovan returned on Thursday from a visit to her son in Nelson, B.C.

Mr Frank Morris returned from New York on Monday, and is staying with his parents, Mr and Mrs W. G. Gee.

Mr and Mrs John Creighton spent the weekend in Edmonton, guests of their cousin, Premier Greenfield.

Mrs Anna Ratledge, of Lethbridge, who has been visiting her niece, Mrs Rüssynek, for a time, left on Sunday to visit her father in Minnedosa.

Mr and Mrs Geo. W. Aylwin left on Tuesday for Berkley, Calif., where they will remain some time. The young couple had a busy send-off by their friends at the railway depot, and all will wish them health and prosperity in their new home.

S. C. Robson, of Lethbridge, has been appointed accountant in the local branch, Bank of Montreal. Mr Robson has rented the Clarke residence on Donald Avenue, and expects to take possession in the course of a day or two.

John R. Jones had the pleasure of welcoming a party of seven relatives who arrived from England on Tuesday. The party was composed of his sister, her son, wife and child, and nieces and nephews. They expect to make their home here, and they will have a hearty welcome.

A happy company of young folks invaded the home of Andrew Petersen Friday evening, and had a "while of a time." School marms and bank clerks predominated. Of course the evening was much enjoyed with music, dancing and games, while, before separating, Mrs Petersen served such a lunch! All returned to town quickly, they being too full for utterance.

Many friends of James Bunting, president of the branch of the Bank of Montreal, were sorry to learn that he had been transferred to the Lethbridge branch. Before his departure he was entertained at Mr Glazier's by about twenty of his young friends, chaperoned by Mr and Mrs J. G. LaFrance. Cards and dancing were indulged in, after which a hearty supper was served. All present heartily wished Mr Bunting success in his new duties, and the party separated by singing "For He's a Jolly Good Fellow."

The legislature adjourned Saturday, and so our province is safe for another year.

Wyman & Small have bought a hardware business in Leduc, and Mr Small has gone to take charge.

A fine representation of local Oddfellows motored to Leduc on Sunday to celebrate the 104th anniversary of the order.

A very enjoyable evening was spent at the hospital last Thursday when a social was given under the auspices of the Civil Service Association (Branch No 5). Dancing, cards, solos and music were the order, while the saxophone solo by Whitman carried all banners.

Principal Captain, in giving the high school report in last week's Herald, pointed out to parents and guardians that in allowing their pupils to attend night school, an advancement in their studies. Attention should be paid to this.

A number of farmers disposed of their wheat by the car load. To have several thousand bushels to dispose of at a dollar and over must create something of a "grand and glorious sale."

The last Albert Gazette contains the information that Albert Glendinning has been appointed a Commissioner for Oaths, and Geo. N. Field, Sheriff, Ballifill.

The Hospital golf course is being put in shape, and it is expected that play thereon will commence on an early date. This will be gratifying news to the devotees, as no other suitable grounds have been available within the town.

The club is doing considerable money on the hospital grounds, and although somewhat small it is near town and very convenient.

A meeting of the Ponoka Agricultural Society directors was held in the secretary's office Saturday afternoon. There was a good attendance, and arrangements for the coming fair were advanced. Committees were appointed, and the prize list being revised. The financials will have to be carefully watched, as the timber grants have been considerably reduced. Ponoka fair dates are Wednesday and Thursday, August 15 and 16.

There will be a meeting on the upper question in this position within the next 10 months. The question should be settled as soon as possible, for there is no need of prolonging the agony for many months. Let us contemplate the amount of time forthcoming—enough to throw a blight over our land. Let us trust that through the intercession of man will be ushered in prosperity, sound in faith, in charity, in patience?

## THE HERALD

PONOKA, ALBERTA, CANADA

## LOCAL NEWS

A meeting was held in the other evening with a view to organizing the Ponoka baseball club. There was a gratifying attendance, and the following officers were elected: President, Dr. T. C. Smith; Vice-President, W. E. Sawyer; executive, R. C. Amis, J. A. Richmond. It was decided to play amateur baseball, and try to form a league to twin Red Deer, Lacombe, Bonney Lake and Ponoka.

An alarming outbreak of fire took place the Haggan residence—the old Hutchison home on Fisher Hill, Thursday forenoon, and had it not been for the timely arrival of the brigade the fine building would have been destroyed. The fire was discovered in one of the upper rooms, and is supposed to have been caused through a defective stove pipe. Damage is said to have amounted to several hundred dollars. Two men credit cannot be paid the fire brigade to have run to about a mile after the alarm was given, and the building in the face of a strong wind is a feat worthy of note. Our citizens cannot adequately appreciate the fine fire-fighting equipment our town has.

Police of the Mounties recommended, "when they called you others, they didn't say it was a fire." The girl started pink, and he took a step toward her with the shortest distance between them. She quickly stood there waiting him to speak. He did not speak, but thought she might like to hear it. He had become the one man she wanted to see. He had been a good boy, and now his eyes were shining (responding) with love.

Students who are taken to a hotel room by their boyfriends are asked to make sure that the door is closed.

All members of the L.O.L., LO.A. and LO.A.B.A. are invited to attend a joint social at the Horne room on Wednesday, May 2nd, at 8:30 p.m. Bring a friend along too. Be sure and attend and have a good time.

The ladies of the Baptist Mission Circle wish to take this opportunity to most heartily thank all those who helped to make their sale and tea the success it was on Saturday, the 11th.

A tea and sale of home-made will be held at the Tabernacle (by kind permission of the proprietor) on Saturday, April 26th, from 3 to 6 p.m. Proceeds on behalf of Troop funds.

A genuine Panama hat at 75¢ is offered at Horne's for one week!

A Scotsman said to his friend, after a noisy evening: "Do you know what 'Whoof' means?" His friend: "you're Andy Graham yourself."

"I'm not asking if you're Andy Graham," was the reply, "I'm asking if you're keu when he lives."

## LEWIS SWEET

At high noon on Monday, April 23rd, a very pretty wedding took place in the residence of Mr. George Sweet, when the Rev. Mr. D. Rodick Lewis, Mrs. H. B. Shively was the matron of honor. Miss Sweet was a well dressed bride, and Mr. Lewis was a good-looking groom. The ceremony was performed by Rev. Roy C. Taylor in the presence of a few friends of the couple. The bride and bridegroom will reside on their farm on the Holdfast South 20th street.

**HIGHFIELD, Man., April 21.**—The overflow of the Assiniboine between here and Peigan Point yesterday was the greatest ever recorded in the history of the river. Several hundred yards of the river were torn out by the flood. A washout several hundred yards west of Peigan Point. The river remained low in Peigan Point but began to be very heavy. Regular trade has been canceled for the present.

Ottawa, April 21.—It is said J. H. Ross and his son, Fred, are being walked all the way from Vancouver. He left Vancouver, December 22, as the only alternative to a long winter's walk. He has been gone two days in Windermere and two and a half days in Sudbury, where he fell through the ice crossing the river and caught cold.

Copies of the bill amending the tax on slot machines distributed to the legislature, show that the license fee is to be \$50 per year for each machine. The estimated estimate is \$150,000 will be derived from this source during 1923.

## Here and There

Now Scotia has adopted the same as the right rule of the hill people. The legislature received the bill of the administration of the province.

The year 1922 was a banner year for Montreal, in the number and tonnage of ships which came to the port. Total tonnage of ships of 120,000,000 tons arriving, compared with 92,000 ships of 97,500,000 tons in 1921.

Canada led the world in 1922 in the export of raw furs to the United States. The total for catch for that year was 1,000,000 skins, worth \$16,000,000. While the general trend of the market was downward, the total catch showed a remarkable increase.

Four of the Canadian Pacific steamships, the "Empress of Canada," "Empress of France," the "Scotia" and the "Iota," are to load grain at Quebec during the next month. Adequate facilities have been provided for these vessels' stay in the grain conveyor at a cost of \$100,000.

When the sailing was off set from a steep car in Vancouver, Mrs. Ross, who had been engaged in her work of collecting and preparing for her readers, was awarded \$1,250 against the railway company.

The addition of the 17th section of the "Monte Carlo" fleet marks an important development. Not only is the capacity enlarged, but the new section is built from Canadian materials, and is to be used on the Atlantic. Her length is 413 feet and breadth 40 feet. Cost of construction \$1,000,000.

Approximately 5000 tons of wheat are waiting shipment from the Keno Hill, Yukon, mines. The wheat is in bags and weighs 50 lbs. per bag. Another 2,000 tons may be stored until the end of June, making the total amount available for exportation 7,000 tons. Such an output is worth about \$200,000. The value of wheat from Keno Hill is \$100 per ton.

"The greatest feature of a transaction to my knowledge," said G. H. Ross, "is the movement of the grain section of the Canadian Pacific fleet. The new section of 31 ships, the Canadian Pacific fleet, will be able to move 1,000,000 tons of grain per day. This is going to revolutionize the shipping of grain in Canada. We are carrying more than 10,000,000 tons of grain annually. The new section will be able to move 1,000,000 tons of grain per day, making the longer crop year of 1918."

One of the many instances of the unusual work carried out by the Canadian Pacific line ("Monte Carlo" fleet) is the loading of the Canadian Pacific grain at Keno Hill. The grain was started in bags of 50 lbs. per bag and costing \$1.00 per bag. The grain was taken on board in sacks and weighed 50 lbs. per sack. The sacks were taken on board in the afternoon, at 4:30 p.m., which was completed at 2:45 the same afternoon. At the same time the grain was taken on board in sacks, the greater part of which consisted of packages, freight, completing the operation by 7:30 the same evening.

## TOWN OF PONOKA

CLEAN UP! CLEAN UP!!  
CLEAN UP!!!

The first week in May has been designated as Cleaning Week. An effort will be made thereafter to keep places as clean as possible.

By order of the Town Council,

W. H. THOMAS, Sec. Treas.

## WORLD HAPPENINGS BRIEFLY TOLD

Agricultural laws have been made by which about fifteen provinces of Norway and Sweden.

Saskatchewan's first crop show will be held at Maple Creek, November 14 and 15.

During last month three oil tank trucks, miles removed, 67,750 tons of coal, an amount which has not been equalled since 1915.

Theives who entered the municipal laboratory at Warshaw ate cold cuts and cheeses which had been invented with clever genius.

Canadian railways have arranged a substantial reduction in immigrant fares from Europe to Canada.

Killed by a stone which flew a quarter of a mile from a blasting charge, the body of a lugger was brought to New Westminster, B.C., this Friday.

Forest fires are reported to have destroyed 20 houses in a deserted camp of the Canadian Collieries Company, near Courtenay, Vancouver Island.

The twentieth century has favored Nova Scotia. Following the lead of New Brunswick, the Nova Scotia government adopted the "no right of way" rule of the road on April 15.

The British Ministry of Health has approved the expenditure of \$800,000 by the Metropolitan Asylum Board for the treatment of tubercular sufferers.

In a cabin one-third larger than the largest stock castle, Mrs. Katie McFie, 60, of Victoria, B.C., has spent the past year in the "tuberculosis factory" rule of the road on April 15.

The British government has issued a new stamp, the "Great Britain" postage stamp, which is to be used in place of the "Great Britain" postage stamp.

Great Britain gives assurances

Will try to Stop Liquor Smuggling  
■ Into United States

Great Britain has assured the United States Government that she "will do her best to make it difficult for the exportation of whisky to Washington regarding the prevention of liquor smuggling into the United States." Secretary of Postmaster General Frank R. Lusk told a London audience in the British House of Commons.

He could not give the exact number of cases of whisky which were seized in the United States, which were received recently, but that it was proposed that restriction be placed upon the same to prevent the entry of whisky into registers, and that a treaty could include containing reciprocal provisions authorizing the right to search beyond the three-mile limit.

### A Famous Carpet

In a London museum is to be seen "the most famous carpet in the world," known as the "Kilimandjaro," which is valued at mounting figures. It is about thirty feet long by seventeen feet wide and contains 20,000 knots. It was woven by a native of a Peruvian who died in 1924. The making of it took the full time of the most famous carpet maker of the age, and it is now the property of a Peruvian who died in 1924.

The making of it took the full time of the most famous carpet maker of the age, and it is now the property of a Peruvian who died in 1924.

No one endures the agony of

having to have his nose sliced at hand to remove them.

### Upholds League of Nations

Has Already Presented Four Wars,  
Says U.S. Ex-Senator

There may be those who will claim that the United States won the war, but the other side of the coin of New Jersey, and not least to the credit of the United States has not done its share in the rehabilitation of the world after the war. "We've got cold, bitter, satiric," he said, "when we take our place again in world affairs, we won't have many friends left." He added:

He denied that the League of Nations might become a danger to the United States, and he gave it credit for having prevented us from going along.

Arrangements have been made by which about fifteen provinces of Norway and Sweden.

Saskatchewan's first crop show will be held at Maple Creek, November 14 and 15.

### World's Biggest Ship

The Leviathan New Lays Claim to That Distinction

United States naval architects have added the largest ship in the world in the national procession of the naval review at New York, in the course of re-measuring the Leviathan. As reported up to now, the second largest vessel in the world, the United States liner, the Leviathan, has a length of 880 feet, which calls on her maiden voyage a United States liner on July 1, 1913, the largest ship in the world.

After the Leviathan had completed her trials, the marine engineers of the liner, who had been engaged in fitting up the new engine, it will be some time before the ship can leave the port of departure by switching on the engine when the wind conditions would otherwise be favorable.

The Leviathan has a registered gross tonnage of 56,000.

### Profitable Cattle Sales

Indians in Prairie Provinces Register Over \$30,000

From supplies their own cattle, and Indian families in Manitoba, Saskatchewan and Alberta and with \$30,000 and \$40,000 worth of livestock during the autumn and winter months, have been heavily taxed by Indian agents, according to the office of the commissioner for the native provinces, W. G. Graham, Regina, Saskatchewan.

It is the opinion of the advocates of the bill that cattle wintered very well and without exception show substantial increases over the previous year.

With the return of the Indians to their reservations, which is being conducted on a large scale this year, the cattle-breeding and dairy business in the opinion of officials of the Indian Department.

### War Extractions

The Secretary of War, the Earl of Derby, stated that death sentence during the year 1913, 261,000 men, or 10 per cent of the total force, for death, were pronounced in 210 courts martial.

Military extraction is a bloodless method of extracting men from the interior of French soil into France, according to an announcement made by him on his arrival at Washington from Cleveland.

### Frogs Savor Bass

A race of aboriginal savages with no alphabet and a language of only five hundred words have been discovered in the Amazonian forest of Brazil.

It claims the skin, it increases the blood, it kills the heart, it increases the strength and the power of the heart, it makes the veins vanish quickly. It keeps skin clean and good blood is kept much better. For your blood to be good, you must have a good heart.

This discovery of Doctor Pierce's puts you in the position of being the first to know about it. You are the earliest discoverer of this great medical discovery for Doctor Pierce's Golden Medical Discovery, in tablet of liquid form, which is the best and easiest of tablets to do. Doctor Pierce's Laboratory, in Brooklyn, Ontario.

1,000,000 Indians the temperance of the ocean never tasted.

Don't Fail To See The  
New Superior

1923

THE WORLD'S GREATEST MOTOR CAR VALUE

When you buy a motor car you buy transportation—

Nothing more nothing less.

A motor car is a transportation unit in contrast to every other machine, because it yields the circle of living it gives it; it transports you, it carries you, it speeds up its business and gets more pleasure from leisure hours.

The question for you to decide is which particular car will fit in best with your needs, with you and your family.

Of course, the Chevrolet is the most popular choice of good business men throughout the country.

There's only one answer—the 1923 Superior Chevrolet.

The Chevrolet transportation unit, the Chevrolet, is the outstanding car value today. Its economy of maintenance make it an efficient and comfortable in riding qualities as any car. You travel first class when you ride in a Chevrolet.

It travels farther on a gallon of gas than any car in the world. It travels farther on a gallon of oil than any car in the world. It is the lowest priced fully equipped car on the market today. The more you compare Chevrolet equipment and value with other cars the more convincing is the Chevrolet as an ideal transportation unit.

Sincerely yours,

Ponoka Auto Service

## Millinery Opening

The Wednesday evening meeting is usual at 8, excepting on the second Sunday of the month. This is the second in the series of N.T. churches. Don't fail to be present.

Choir practice, Friday at 8 p.m.

Banks Keen To  
Loan To Farmers

Ottawa, Ont., April 29.—The banks are in keen competition to lend to farmers, declared S. Fredrick, president of the Canadian Bankers' Association, and the result is that the cost of credit has been greatly reduced, when examined yesterday at a noon hour by Mr. Shaw, independent economist, who has been making a tour of Canada, talking and commenting on the financial situation.

The main difficulty in the west was the lack of capital, said Mr. Shaw, who in some cases thinks it would be considered to favor the farmer, if the banks would loan him money after he had paid off his debts.

Mr. Shaw asked why the banks charged more than the statutory rate of 5 per cent. for loans.

"Because," was the reply, "out of 1200 branch banks operating in Canada, 900 are operating at a loss."

Mr. Shaw asked why the banks charged more than the statutory rate of 5 per cent. for loans.

"Because," was the reply, "out of 1200 branch banks operating in Canada, 900 are operating at a loss."
